SHOW OFFERINGS

All Showings Will Occur in the Activity Room

I Love Lucy- Lucy Ricardo is the wacky wife of Cuban bandleader Ricky Ricardo. Living in New York, Ricky tries to succeed in show business while Lucy -- always trying to help -- usually manages to get in some kind of trouble that drives Ricky crazy. This television classic is sure to get the giggles going!

The Andy Griffith Show- Follows a small town sheriff and his bumbling but well-meaning deputy. It may be quiet and relatively crime free in Mayberry, and its sheriff's demeanor may appear easygoing, but Andy Taylor is always on the case. The warm stories and subtle humor of this universally adored television classic continue to charm and captivate audiences more than 50 years after its original airing.

Nature- This documentary brings the beauty and wonder of the natural world into your home becoming, in the process, the benchmark for natural history programs. Capturing the splendor of the natural world from the African Plains to the Antarctic Seas.

Dogs and More Dogs- Where do dogs in all their amazing diversity come from? Tradition says that thousands of years ago someone tamed a wolf pup, thus creating the first of our best friends. But many scientists disagree. On "Dogs and More Dogs," NOVA goes to the dogs—and to leading researchers—to find out the truth.

Memorial Day at Arlington Cemetery- We will watch the live stream video, via

YouTube, of the Memorial Day service at Arlington Cemetery to commemorate and honor those who have served in our United States forces.

Cinemas- We have several different cinema options for all residents to attend in the Activity Room. Payton is open ears for movie recommendations—please feel free to give her some. This month our cinemas include...

Tombstone- This 1993 American Western film was directed by George P. Cosmatos, written by Kevin Jarre (who was also the original director, but was replaced early in production), and stars Kurt Russell and Val Kilmer, with Sam Elliott, Bill Paxton, Powers Boothe, Michael Biehn, and Dana Delany in supporting roles, as well as narration by Robert Mitchum. The film is loosely based on events in Tombstone, Arizona, including the Gunfight at the O.K. Corral and the Earp Vendetta Ride, during the 1880s. It depicts a number of Western outlaws and lawmen, such as Wyatt Earp, William Brocius, Johnny Ringo, and Doc Holliday.

Mrs. Doubtfire- Daniel Hillard (Robin Williams), a struggling out-of-work actor, will do anything for his kids. After losing custody in a messy divorce, he creates the kindly alter ego of Scottish nanny, Mrs. Doubtfire in a desperate attempt to stay in their lives. As his new character takes on a life of its own, Mrs. Doubtfire teaches Daniel more than he bargained for about how to be a father. A hilarious and heartfelt story about holding onto your loved ones against all odds, and proves we're truly better together.
